Due to short semester and huge syllabus, some topics were not taught us in detail.

Mam is very brilliant in her subject I just love the way she teaches each and every topic she taught us was clearly understood by us and also she is very motivating.

The content in the slides are too much... like sometimes in the middle I have to read the title to guess where am I and extremely sorry to say but as u expect us to write in our own words in exam we also expect that we get simplified notes as whole of the slides were just kuby... the book language takes time to understand rather than some flow charts through which we can memorise fast...

Great teaching methodology, helping and very interactive.

Really very good teacher nd a very good lady also...she is very friendly nd understanding teacher 🙏

Great teacher and personality , amazing to have her as our faculty .. I. enjoy her classes the most.
