

# STUDENT'S FEEDBACK ON CURRICULUM

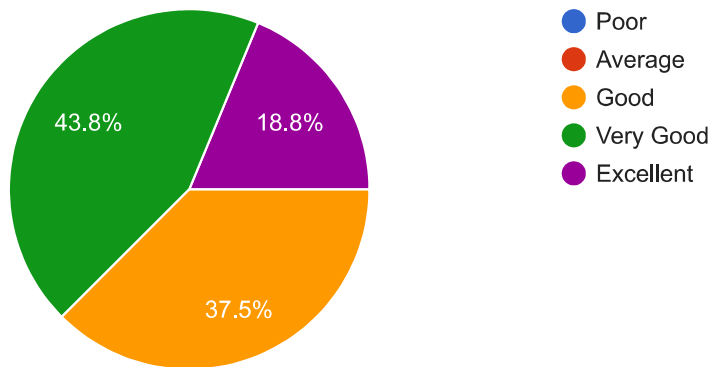

## M.Sc. Genetic Engineering II SEM, JULY' 2021

16 responses

[Publish analytics](#)

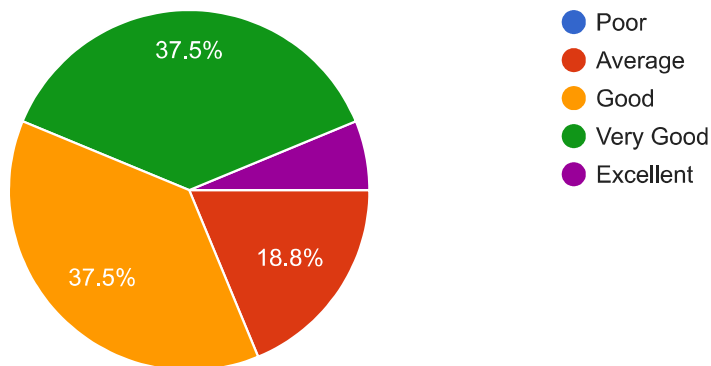

The syllabus is quite appropriate.

16 responses

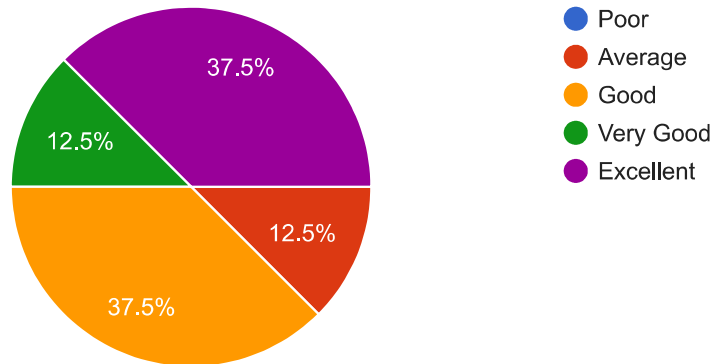

The allocation of the credits to the course is appropriate in relation to the level of course work

16 responses

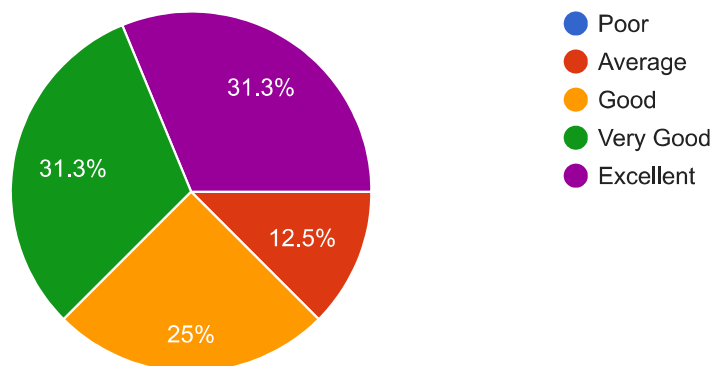

The depth of the course content is adequate in relation to the expected Course Outcomes (COs).

16 responses

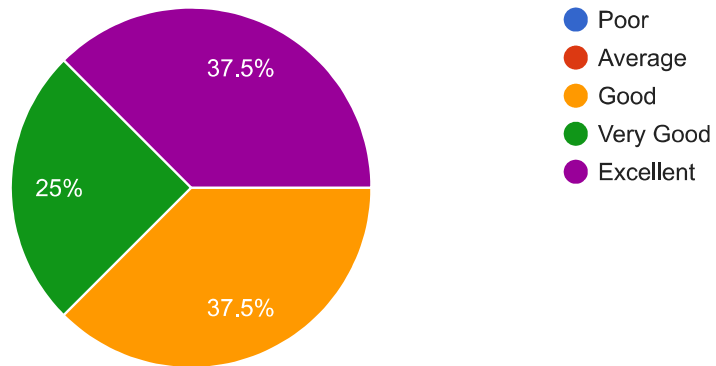

Almost entire syllabus was covered in the class by the teacher.

16 responses

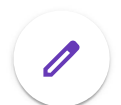

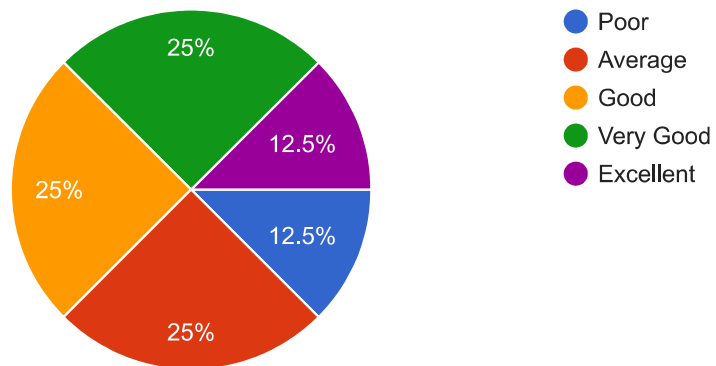

The units/sections in the syllabus are properlysequenced.

16 responses

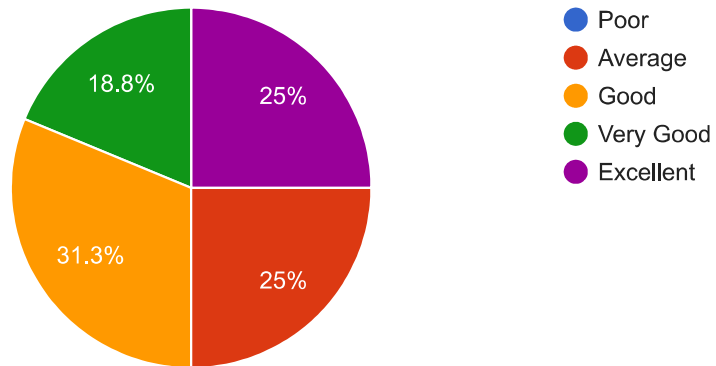

Syllabus equipped me with necessary technicalskills to face the industry/academia

16 responses

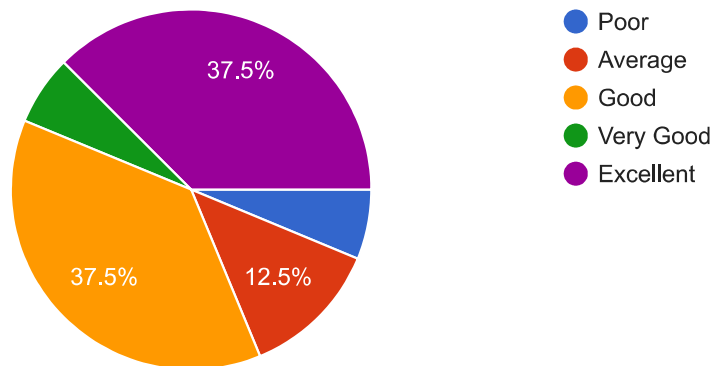

The syllabus enabled me to improve my ability to formulate, analyze and solve problems.

16 responses

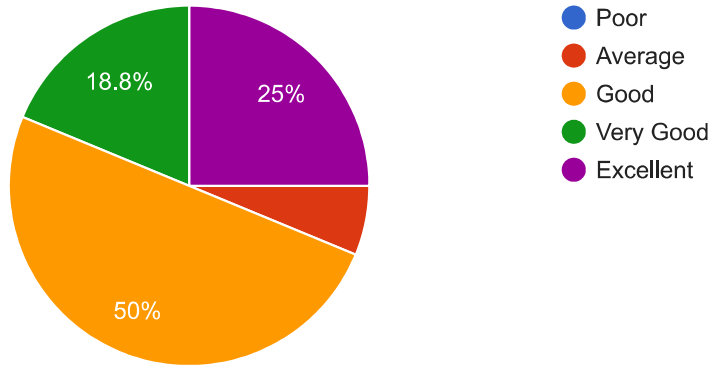

The course material is adequately available

16 responses

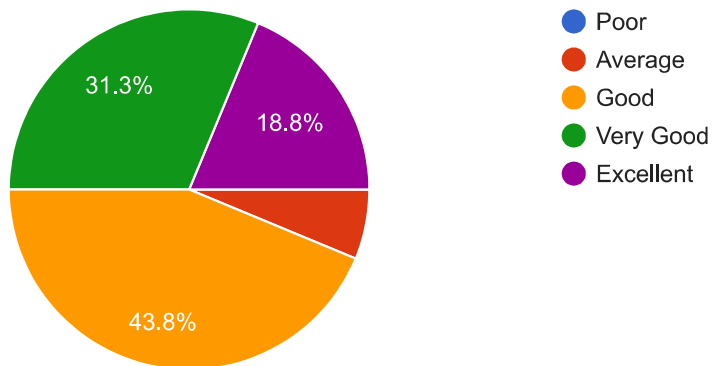

### Relevance of programme for career avenues infuture

16 responses

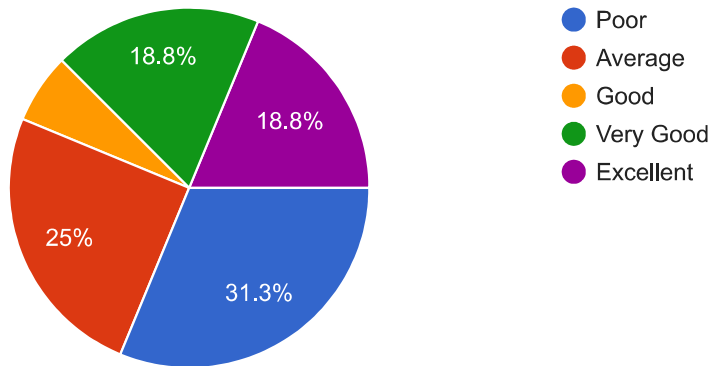

### Relevance of electives to the specialization chosen

16 responses

The laboratory experiments enhanced my understanding of the concepts and enabled me to relate theory to practice (Experiential learning).

Suggestions/ comments, if any

2 responses

No

As there are not such any physical classes and practicals so it's really pathetic for us to study with very less resources available. So the fees should be reduced to 50% is acceptable because it is not feasible for us to pay so high amount of fees and this is what our parents opinion too. And please allow us to come for practicals atleast for 3rd semester. And teachers shouldn't give us so much assignments cz we have to prepare for other exams also for JRF meanwhile studying with college semester.
