## Suggestions/ comments, if any

She has not completed the syllabus(not regular, took classes according to her free time even when friday was specifically allotted for her subject) and what was taught never seemed like environment biotech but the evs of 5th standard and the result is that we dont know what actually was there in that subject . The paper set in the exam was 50% taught and rest was like we have to do ourselves.

Her marking skill is very bad
