REPORT ON CLEANLINESS DRIVE

The School of Biotechnology, DAVV organized a cleanliness drive on October 1st 2023, Sunday, under '**Ek Tareekh Ek Ghanta Ek Saath**' - a national call by the Prime Minister in the Memory of Mahatma Gandhi. Keeping in mind the mantra of Mahatma Gandhi "Cleanliness is next to Godliness", SBT decided to create awareness among the benefits students regarding cleanliness, and its benefits.

The event started with inspiring and motivating thoughts of Respected HOD Dr. Anjana Jajoo about the importance of contribution of everyone in keeping the environment and the department clean. Students of M.Sc. I and III Sem along with staff member and Ph.D. scholars participated with enthusiasm in the drive. Armed with brooms and other accessories required for cleaning, students were divided in teams and allotted various areas of the department that included labs, classroom, parking area and seminar halls.

Along with sense of cleanliness, event helped students to inculcate team work and leadership qualities. A proper breakfast with good taste and variety was arranged for everyone. The event summed up with Vote of Thanks and an oath of keeping our home, locality and city clean. Overall, the event circulated positive vibes of togetherness, freshness and cleanliness among the members of department.
