

SCHOOL OF BIOTECHNOLOGY
DEVI AHILYA VISHWAVIDHYALAYA, INDORE

REPORT ON
RAAS RACHILO 2023

The School of Biotechnology, DAVV, Indore hosted a vibrant Navratri celebration.. "Raas Rachilo 2023" on October 26, 2023 Thursday. The programme was mainly organized by Semester I students and attended by almost 90 members of SBT family.

The event started by offering prayers to Goddess Saraswati, followed by lighting lamp! Kulgeet was played followed by very inspiring and enlightening words of the Head of the Dept. Dr. Anjana Jajoo.

The department was decorated with vibrant designs, including rangoli, lights and floral arrangements done by students creating a festive environment. Students of I and III Sem, all faculty members and PhD scholars, together adorned in colourful traditional attire, swayed to rhythmic beats of Navratri music. The dance floor buzzed with enthusiasm and energy throughout the day. Students of sem I showcased a variety of performances that added to the festive ambience and provided a platform to display their talent. Various games were organized adding an element of fun, joy and competition to the event. A delightful array of refreshments and snacks were arranged for everyone.

The event was successfully summed up with Vote of Thanks. As told by our HOD time to time, such events are organized in SBT to improve harmony and bonding between senior and junior students. At the same time, extracurricular interests and talent, leadership and organizing skills of students also get a great exposure. This purpose was fully justified and fulfilled in this event. Overall, the event exemplified the diversity and unity within the members of department. At last, everyone was filled with festive vibes of joy and togetherness.
