

Deeksharambh Student Induction Program (SIP) 2021

As per UGC guidelines, Induction program was organized by School of Biotechnology, DAVV, Indore for the students of new M.Sc. batch 2021-23. The Induction Program was organized in ONLINE MODE using Google meet platform and was designed to make the newly joined students feel comfortable, sensitize them towards exploring their academic interests and activities, encouraging and guiding them to work for excellence, promote bonding among them, build relations between teachers and students, socializing, give a broader view of life, and building a strong character.

The induction program was organized online on 6th Sep. 2021 (Monday).

HOD Dr. Anjana Jajoo gave brief outline of Devi Ahilya University, School of Biotechnology, infrastructure and facilities available for students. A power point presentation was shared with the students so that new students could know about departmental infrastructure and facilities like different laboratories; such as Plant Tissue Culture lab; Animal Tissue Culture lab and Microbiology Lab etc. and faculty offices; library and seminar hall etc.

They were also told about the facilities provided by the university for the students. She introduced her teaching and non-teaching staff and she also motivated the students for upcoming academic years. Dr. Anil Kumar sir told students about origin of department and its potential of generating intellectuals. Dr. Hamendra Singh Parmar motivated the students through a short story.

Thus the Induction programme was carried out very satisfactorily where the new students were extremely happy and motivated. The purpose of having such programme was fully accomplished.

Report prepare by Ms. Riya Sharma, M.Sc. Biotechnology, III semester
