

SCHOOL OF BIOTECHNOLOGY

DEVI AHILYA VISHWAVIDYALAYA

ACTION TAKEN REPORT OF FEEDBACK, MAY' 2023

Suggestion No. 1: Practicals and lab activities should be conducted more appropriately so that every student is able to perform practical individually.

Action taken: For developing practical skills as per industry requirement and to enhance research skills in students, we are focusing more on hands-on training. We organized Hands-on training in addition to practicals given in the syllabus.

[Value added certificate course On "Mammalian Cell Culture Techniques-Application in Cancer Biology", 27-31 November 2023](#)

Suggestion No. 2: Computer lab is poorly managed.

Action taken: We are focusing on regular maintenance of all the labs including computer labs. As some of our computers needs to be upgraded, we are in the process to upgrade it.
