

SCHOOL OF BIOTECHNOLOGY

DEVI AHILYA VISHWAVIDYALAYA

ACTION TAKEN REPORT OF FEEDBACK, DECEMBER' 2021

Suggestion No. 1: Companies should be called for placements.

Action taken: We are fully concerned for the placements of the students but as most of the students prefer for higher studies and also we have less number of students, so it is not feasible to call the companies for the close campus. Instead we contact the companies and schedule the placement interview for interested students in company premises.

Suggestion No. 2: Reagents in the lab are not appropriate, please do replace them with new ones. We were not getting results.

Action taken: Required reagents purchased.

Head, Biotechnology
