

SCHOOL OF BIOTECHNOLOGY

DEVI AHILYA VISHWAVIDYALAYA

ACTION TAKEN REPORT OF FEEDBACK, MAY' 2019

Suggestion No. 1: Students suggested that departmental library should be opened for the full time.

Action taken: As department has no full time position of librarian and library is managed by the office staff therefore it is not feasible to open the library for the full time. We have scheduled more time for the library apart from regular library timing.

Suggestion No. 2: Department should arrange different lectures/ seminars/ workshops.

Action taken: As a regular practice department arranged different lecture from experts, conferences and workshops.

- [Webinar on Empowering Budding Scientists on 02 August 2019](#)
- [Lecture on "Multiple Myeloma and its Cure" by Dr. Ram Kumar Singh, 20 August 2019](#)
- [Lecture on "Agilent Microarray Platform" by Dr. Paras Yadav on 28 August 2019](#)
- [Lecture on "Mitochondrial protein quality control and function of CRISPR/Cas9 on 13 November 2019](#)

Suggestion No. 3: Students suggested that there should be some extra time for discussion with subjective teachers apart from the regular lecture timings.

Action taken: We have requested all the teachers to manage some extra time from their regular classes and arrange some discussion sessions with students regarding their academic and research discussion.
